

Good Evening,

With a happy heart I tell you we will be open tomorrow (Saturday, August 22nd)

Wind is a wild thing that is a blessing and a curse. It is helping us stay swimming but making it tough on the fire.

We are all thinking about the first responders and all of our affected community members.

At this time, they are not taking volunteers or donations due to the pandemic, but at some point I am sure we will all be called to action! I am looking forward to that moment!

Until then.....

Take care!

See you tomorrow

- Steve
