

Good Afternoon,

It has been wonderful to have everyone back into the pool today! We are nothing but grateful for the water and to see the transformation that takes place when we get to use it in a way that frees us up to be great!

We are aware of the new guidelines that have been put into place in Santa Clara county. We wanted to take a moment to recognize what is going on in the community and update you on our operations.

We are aware of the steps that the county has taken to curb Covid-19 throughout the Bay Area and we applaud them for making difficult decisions to continue to save lives. We, as a company, will always align with guidelines set forth to ensure the safety of the community and staff at large.

At this time, our operations will continue to stay open and operate as we have been. The guidelines state that outdoor pools can still operate under the same restrictions.

This is really great news for the entire aquatic community! We are excited to serve and keep this going for as long as we can for the health and wellness of everyone!

Operating under the fact that the virus is still here and very active among the community, we would like to take a moment to remind us all of what we need to continue to do to remain open and keep everyone safe and healthy.

**Please:**

1. Wear a mask at all times. Unless swimming in and around the facility
2. Stay socially distant from all at least 6 ft. Including when checking in to the facility. Please line up on your lane number to ensure we are all giving each other space.
3. Please be kind and caring to all. If someone needs a reminder of the rules or something seems out of place, let a staff member know and we will address the situation. Also, if you do end up saying something to someone please be kind, patient and understanding. This is a challenging time for everyone.
4. We are staying 1 person per lane without exception.

Thank you all for being a part of the community in a positive way! We can all support each other and stay healthy.

It is truly an honor to serve every person who comes to the pool. We look forward to having a great and safe swimming environment for months to come and look forward to seeing all of you!!

Blessings

- Palo Alto Swim and Sport Staff
